**RE: Mobilitie LLC Grant of Location Petition Application: CT90XS543B\_9MAB000091, CT90XS544B\_9MAB000092**

Dear Sir or Madame,

Please find the enclosed Mobilitie LLC petitions and orders for two (2) Grant of Locations in your jurisdiction. Along with the attached petitions and orders, you will also find construction drawings and photos simulation for the facility. Mobilitie, LLC understands the application will not be approved until the committees, City Council, and any Public Improvement Commissions ("PIC") are in agreement.

Mobilitie, LLC is a public utility company regulated by the Massachusetts Department of Public Utilities to provide telephone related services, such as facilities based competitive local exchange and interexchange services. To meet the growing demand for connectivity, Mobilitie, LLC is deploying a hybrid transport network that provides high-speed, high-capacity bandwidth in order to facilitate the next generation of devices and data-driven services. This network can support a variety of technologies and services that require connectivity to the internet, including, but not limited to, driverless and connected vehicles (commercial, personal and agricultural), remote weather stations and mobile service providers. These transport utility poles and facilities are not dedicated to any particular customer, and, to the extent capacity on the structures is available, are available to be used by other entities, including the City of Northampton.

Mobilitie, LLC plans to construct the applied for pole attachment within the next 18 months and formally requests that the City identify a single point of contact to streamline the communications process, regarding the application, for the benefit of both parties. A local New England Permitting Manager will be following up with this Application Submission.

Mobilitie, LLC's hybrid transport network is an industry changing approach that seeks to improve backhaul connectivity for the City's residents. We are excited to work with the City of Northampton and are available to answer questions. Please do not hesitate to contact me at 205-394-9108 or [jhendricks@mobilitie.com](mailto:jhendricks@mobilitie.com).

Thank you for your attention to this matter.

Respectfully submitted,
